Kiki

COFFEE TABLE

Kiki interprets artistic bronze casting through a compact, elegant and functional shape. Its octagonal top defines a recognisable geometry, designed to complete the living area as an occasional side table or small support surface beside sofas and armchairs.

Obtained through sand casting technique, Kiki retains lively traces of handcraftsmanship on its surface. Bronze acquires depth, visual variations and subtle material irregularities, transforming a functional piece into a sculptural presence with a distinctive character.

Also available in an outdoor version for covered, protected spaces, Kiki retains its identity indoors and outdoors. Within HESSENTIA's design language, it is a discreet yet strong coffee table combining functionality, artistic bronze casting and contemporary Handmade in Italy sensitivity.

If the product is intended for **outdoor use**, it should be used exclusively in covered outdoor spaces protected from weather agents, such as verandas, porches, and covered terraces.
To preserve the aesthetic, functional, and material qualities of the products over time, weekly routine maintenance is highly recommended.
Furthermore, any food and drink residues, leaves, flowers, pollen, or bird droppings should be removed promptly to prevent prolonged contact with the surfaces from compromising the long-term preservation of the products.
