

Dexter is a round table that transforms colour into matter through a three-dimensional approach that enhances its dynamism. Its creation emerges from ongoing research into artisanal techniques: the table tops are crafted through a complex resin casting process.

The result is a sculptural and geometric object with a sophisticated character, capable of creating plays of light and refractions that shift depending on the perspective.

# Dimensions

## DEXTER . 5160

Table

DIAM. 160x73 H cm

## DEXTER . 5180

Table

DIAM. 180x73 H cm

## DEXTER . 5200

Table

DIAM. 200x73 H cm

## DEXTER . 5200 / B

Table

DIAM. 200x73 H cm
