Enigma

COFFEE TABLE

Enigma coffee table interprets wood through a refined interplay of marquetry, colour contrasts and decorative finishes. The black and white design creates a strong graphic composition, giving the top a bold visual presence.

The Matrix finish, natural or glossy, enhances surface depth, while black glass adds a further layer of reflection and protection. Wood becomes a decorative language combining rhythm, geometry and craftsmanship, rather than being interpreted traditionally.

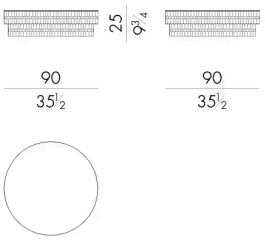

Available in different sizes, Enigma can be used individually or with other elements in the collection. Within HESSENTIA's living ambiences, it expresses refined design, weaving together marquetry, the appeal of visual contrasts and Handmade in Italy sensitivity in a language of authentic elegance.
