

Itaca lantern, made of multilayer wooden rods, is designed to enrich panoramic terraces, large verandas and boats, in combination with the other products in the same collection.

The **Hessentia Outdoor collection** is designed and intended exclusively for use in covered outdoor spaces protected from weather agents, such as verandas, porches, and covered terraces.

To preserve the aesthetic, functional, and material qualities of the products over time, weekly routine maintenance is highly recommended.

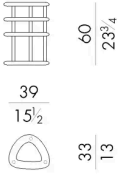

Furthermore, any food and drink residues, leaves, flowers, pollen, or bird droppings should be removed promptly to prevent prolonged contact with the surfaces from compromising the long-term preservation of the products.

Dimensions

ITACA.3300/A

Lantern

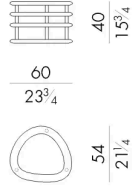

39 W x 33 D x 60 H cm

ITACA.3300/B

Lantern

60 W x 54 D x 40 H cm

ITACA.3300/C

Lantern

39 W x 33 D x 47 H cm
