Drop

COFFEE TABLE

Three apparently conical-shaped legs cross a drop-shaped top. Each coffee table in the Drop collection is made through a bronze casting process, an ancient art dating back over 5.000 years. The textured and natural aspect of the surfaces makes each piece unique.

If the product is intended for **outdoor use**, it should be used exclusively in covered outdoor spaces protected from weather agents, such as verandas, porches, and covered terraces.
To preserve the aesthetic, functional, and material qualities of the products over time, weekly routine maintenance is highly recommended.
Furthermore, any food and drink residues, leaves, flowers, pollen, or bird droppings should be removed promptly to prevent prolonged contact with the surfaces from compromising the long-term preservation of the products.
