Overlap

COFFEE TABLE

Available in different sizes and heights, Overlap coffee table in marble interprets natural stone through a soft shape with rounded corners and four distinctive cut-outs that define its identity. The top becomes a striking surface, with different marble veining, colours and depth in every variant.

The metal ring introduces a precise, refined detail that emphasises the table's geometry while preserving the continuity of the stone. The contrast between marble veining and monochromatic metal creates a restrained balance between decoration and function.

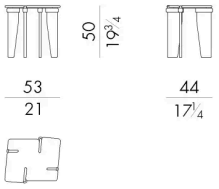

Within HESSENTIA's living ambiences, marble Overlap becomes an elegant, contemporary coffee table designed for sophisticated compositions through shape, material and proportion.
