Kumo

COFFEE TABLE

Generated: 12/09/2026

Inspired by nature, Kumo monolithic coffee tables are conceived like real sculptures of modern art. Their organic shape, fluid and natural, allows to create various combinations, making them ideal in any context, especially outdoors, in both contract and residential settings.
Each coffee table is made of a single-material, with a visually porous surface that enhances its unique, tactile texture. Kumo coffee tables are available in different sizes and colours.

The **Hessentia Outdoor collection** is designed and intended exclusively for use in covered outdoor spaces protected from weather agents, such as verandas, porches, and covered terraces.
To preserve the aesthetic, functional, and material qualities of the products over time, weekly routine maintenance is highly recommended.
Furthermore, any food and drink residues, leaves, flowers, pollen, or bird droppings should be removed promptly to prevent prolonged contact with the surfaces from compromising the long-term preservation of the products.
