

Orion is a half-moon shaped coffee table made of aluminium, designed for outdoor sets but also suitable for indoor living areas.

For a dynamic and modern effect, it is recommended to combine it with the coffee tables of Ibris collection, creating harmonious and versatile compositions in outdoor spaces.

The **Hessentia Outdoor collection** is designed and intended exclusively for use in covered outdoor spaces protected from weather agents, such as verandas, porches, and covered terraces.

To preserve the aesthetic, functional, and material qualities of the products over time, weekly routine maintenance is highly recommended.

Furthermore, any food and drink residues, leaves, flowers, pollen, or bird droppings should be removed promptly to prevent prolonged contact with the surfaces from compromising the long-term preservation of the products.
