Joss

COFFEE TABLE

Lacquered Joss coffee table with artistic brass casting details balances uniform surfaces with textured craftsmanship. Lacquer defines a clean, contemporary volume, while artistic brass casting introduces depth, character and uniqueness.

The two materials become the focal point of the entire design, where the dialogue between colour and metal enhances the collection's construction philosophy through a simple, recognisable feature.

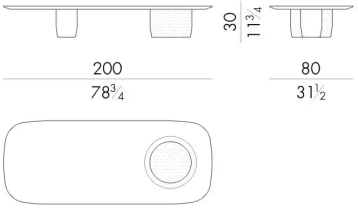

Within HESSENTIA's living ambiences, Joss is a sophisticated coffee table combining colour exploration, craftsmanship and contemporary design.
