LETTO

Il letto Nova presenta testata e giroletto disponibili con rivestimento sia in pelle che in tessuto, sui quali sono ben visibili lavorazioni a ricamo in verticale alternate a cuciture in parallelo. Alle estremità della testata sono presenti inserti in metallo le cui forme richiamano altri pezzi della stessa collezione. Questo letto oltre ad essere disponibile nella versione con testata standard, viene proposto anche con testata allungata così da accogliere i comodini.
